Amendments to the Drawings:

The attached sheets of drawings includes changes to Figs. 1 and 2. These sheets replace the original sheets including Figs. 1 and 2.

The Examiner objected to Figures 1 and 2 as requiring additional labeling. In particular, the Examiner stated that references 20, 22 and 24 of Figure 1 and references 26, 30 and 36 of Figure 2 needed labeling.

With regard to Figure 1, reference 20 has been labeled "MONITORING SYSTEM." One box bearing reference 22 has been labeled "INDUSTRIAL CONTROLLER." The remaining boxes bearing reference 22 have not been labeled due to space constraints on the drawing. Three references 24 have been labeled "GROUP."

With regard to Figure 2, box 26 has been labeled "GROUP COMPUTER." Box 30 has been labeled "SERVER." Cloud 36 has been labeled "USER NETWORK."

Support for these labels can be found in the specification on pages 6 and 7. No new matter has been added through these amendments to the drawings.
